

## GOOD ORIENTATION PRACTICES

### 1. TITLE

Career day in High Schools

### 2. COUNTRY

Greece

### 3. SPECIFIC GOALS

To inform the students on the purpose of the Center.

To boost the student' self confidence.

To inform students on various job environments according to their interests.

### 4. DESCRIPTION

#### 4.1. Who (Provider)

Center for Guidance and Orientation of Directorate of Secondary Education of Rodopi

#### 4.2. To whom (Target group)

Students of junior high school. Age 14-15 years.

#### 4.3.How (Method)

Presentation with power point, videos, photographs.

Self-cognition tests,

use of humouristic videos and or songs to approach students

#### 4.4.When (Period)

Depending on the school.

### 5. EVALUATION CRITERIA

There is no strict evaluation of the procedure (also due to the large number of the targeted students) . Usually the impact of this "first approach to career guidance" reflects to:

- a) the questions asked by students on vocations after and during the presentations,
- b) the interest they show on the Center and its mission,
- c) if they follow up with private consulting with the Center.
